Dear Beverly Residents:

By recycling, you make a difference by helping Beverly save valuable tax dollars. Just as important, recycling furthers our efforts to preserve the environment. It reduces pollution, saves energy, and extends the life of our landfills. Recycling just one ton of paper saves 17 trees!

This new brochure provides information about both our curbside and drop-off programs by detailing what, when, and how to recycle in Beverly for the coming year.

Please encourage your friends and neighbors to recycle, and thank you for joining us in making a difference.
