Investment Notes

Masonry building with concrete floors used for storage presently but has been used for light manufacturing in the past. 400 amp service and gas heat. Is partitioned for 2 tenancies but can be used as an open space. Two offices and a conference room with views onto the work space. Building needs to be freshened up but great upside (both zoning and the structure) for the right small business.

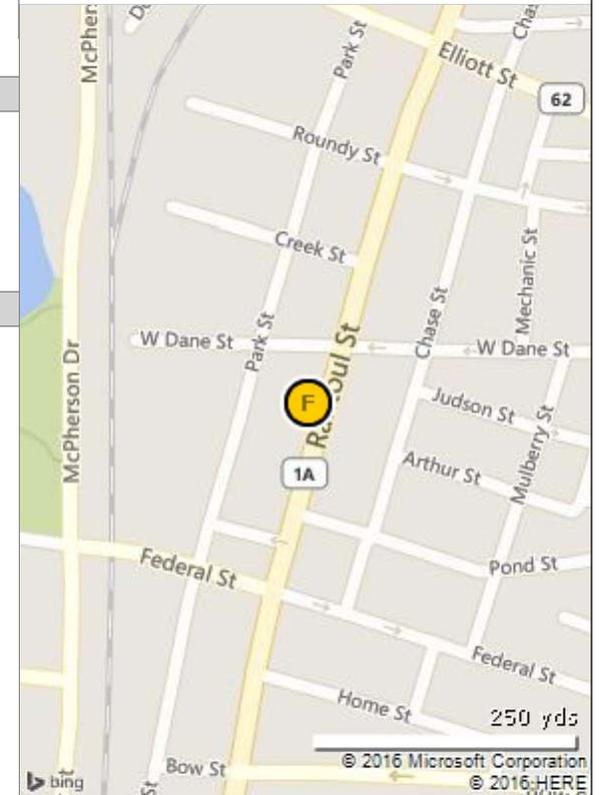

In downtown Beverly conveniently located near public transportation and other commercial and retail businesses. Loading dock and 3 legal off street parking spaces.
