Cell# 978-375-1394 or
Email: pmccarthy@beverlyma.gov

Community Advisory Committee

The Beverly Police Department Community Advisory Committee (CAC) is an all-volunteer committee representative of the City of Beverly which is intended to foster and facilitate communication and understanding between the Beverly Police Department and the community. It is dedicated to improving the quality of life in the City's neighborhoods. Our goal is to identify and prioritize community needs and concerns, as well as recommending measures for addressing them to the Police Department. We feel that by developing a partnership between the community and the Police, citizens become educated on police practices and the Police Department becomes better informed about the community.
