The Contractor shall indemnify, defend and save harmless the City, the City's officers, agents and employees, from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses, costs, expenses, recoveries and judgments of every nature and description (including reasonable attorneys' fees) that may arise in whole or in part out of or in connection with the work being performed or to be performed, or out of any act or omission by the Contractor, its employees, agents, subcontractors, material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by any party indemnified hereunder. The Contractor further agrees to reimburse the City for damage to its property caused by the Contractor, its employees, agents, subcontractors or material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, including damages caused by his, its or their use of faulty, defective, or unsuitable material or equipment, unless the damage is caused by the City's

gross negligence or willful misconduct. The existence of insurance shall in no way limit the scope of the Contractor's indemnification under this contract.

19. Workers Compensation Insurance:

The Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under Chapter 152 of the General Laws of Massachusetts (The Worker's Compensation Act) to all employees of the Contractor who are subject to the provisions of Chapter 152 of the General Laws of Massachusetts.

Failure to provide and continue in force such insurance during the period of this Contract shall be deemed a material breach of this Contract, shall operate as an immediate termination thereof, and Contractor shall indemnify the City for all losses, claims, and actions resulting from the failure to provide the insurance required by this Article.

The Contractor shall furnish to the City evidence of such insurance prior to the execution of this Contract before the same shall be binding on the parties thereto, except if specifically waived by the City.

20. Documents, Materials, Etc.

Any materials, reports, information, data, etc. given to or prepared or assembled by the Contractor under this Contract are to be kept confidential and shall not be made available to any individual or organization by the Contractor (except agents, servants, or employees of the Contractor) without the prior written approval of the City, except as otherwise required by law. The Contractor shall comply with the provisions Chapter 66A of the General Laws of Massachusetts as it relates to public documents, and all other state and federal laws and regulations relating to confidentiality, security, privacy and use of confidential data.

Any materials produced in whole or in part under this Contract shall not be subject to copyright, except by the City, in the United States or any other country. The City shall have unrestricted authority to, without payment of any royalty, commission, or additional fee of any type or nature, publicly disclose, reproduce, distribute and otherwise use, and authorize others to use, in whole or in part, any reports, data or other materials prepared under this Contract.

All data, reports, programs, software, equipment, furnishings, and any other documentation or product paid for by the City shall vest in the City at the termination of this Contract. The Contractor shall at all times, during or after termination of this Contract, obtain the prior written approval of the City before making any statement bearing on the work performed or data collected under this Contract to the press or issues any material for publication through any medium.

21. Audit, Inspection and Recordkeeping

At any time during normal business hours, and as often as the City may deem it reasonably necessary, there shall be available in the office of the Contractor for the purpose of audit, examination, and/or to make excerpts or transcript all records, contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Agreement.

22. Payment

The City agrees to make all reasonable efforts to pay to the Contractor the sum set forth in the Contractor's bid or proposal within thirty (30) days of receipt of an invoice detailing the work completed and acceptance from the City of the work completed.

23. Waiver and Amendment

Amendments, or waivers of any additional term, condition, covenant, duty or obligation contained in this Contract may be made only by written amendment executed by all signatories to the original Agreement, prior to the effective date of the amendment.

To the extent allowed by law, any conditions, duties, and obligations contained in this Contract may be waived only by written Agreement by both parties.

Forbearance or indulgence in any form or manner by a party shall not be construed as a waiver, nor in any manner limit the legal or equitable remedies available to that party. No waiver by either party of any default or breach shall constitute a waiver of any subsequent default or breach of a similar or different matter.

24. Forum and Choice of Law

This Contract and any performance herein shall be governed by and be construed in accordance with the laws of the Commonwealth. Any and all proceedings or actions relating to subject matter herein shall be brought and maintained in the courts of the Commonwealth or the federal district court sitting in the Commonwealth, which shall have exclusive jurisdiction thereof. This paragraph shall not be construed to limit any other legal rights of the parties.

25. Notices

Any notice permitted or required under the provisions of this Contract to be given or served by either of the parties hereto upon the other party hereto shall be in writing and signed in the name or on the behalf of the party giving or serving the same. Notice shall

be deemed to have been received at the time of actual service or three (3) business days after the date of a certified or registered mailing properly addressed. Notice to the Contractor shall be deemed sufficient if sent to the address set forth in the Contract and to the City of Beverly by being sent to the City Solicitor, Beverly City Hall, 191 Cabot Street, Beverly, Massachusetts 01915.

26. Binding on Successors:

This Contract shall be binding upon the Contractor, its assigns, transferees, and/or successors in interest (and where not corporate, the heirs and estate of the Contractor).

1. This form supplements the City of Beverly “Contract and General Conditions” and applies only to contracts for the construction, reconstruction, alteration, remodeling or repair of public works or public buildings.
2. Wherever the law requires one contracting with a city or town to be bonded, such obligation shall be understood to be a term and condition of this Contract. The Contractor agrees to secure such bond (where required) in the form required by the City and provide an original thereof to the City prior to the commencement of performance.
3. Equality:
  - 3.1. In the case of a closed Specification written for a specific item or items to be furnished under the Base Bid, such specifications shall, as applicable, be in compliance with the Massachusetts General Laws, Chapter 30, Section 39M and Chapter 149, Sec. 44A et seq.
  - 3.2. Where the name of an item, material or manufacturer is mentioned in the Specifications or on the Drawings, except as above noted, the intent is to establish a standard and in no way should be construed to exclude any item or manufacturer not mentioned by name, but whose product meets the Specifications as to design, utility and quality. Final decision shall rest with the Project Representative as to its acceptability.
- 4.1 DELETED>
- 4.2 With regard to change orders requested by the Contractor, upon request of the City or Architect, the Contractor shall, without cost to the City, submit to the Architect and the City,

in such form as the Architect may require, a “Change Order Proposal” including a full description of the character and scope of work involved in any proposed extra Work or change in Work, an accurate written estimate of the cost of such proposed change including all the elements of pricing in appropriate detail, and an explanation of the impact of the proposed Change on the construction schedule. The cost estimate shall indicate the quantity and unit cost of each item of material or other product and the number of hours of Work and hourly rate for each class of labor as well as the description and amounts of all other costs chargeable. If required by the Architect or Owner, in order to establish the exact cost of new Work added or of previously required Work deleted, the Contractor shall obtain and furnish to the Architect bona fide proposals (on letterhead) from Subcontractors, Sub-subcontractors or recognized suppliers for furnishing labor and materials included in such Work, including the same supporting information. The Contractor shall promptly revise and resubmit such cost estimate if the Architect or the Owner determines that it is not in compliance with the requirements of this Contract, or that it contains errors of fact or mathematical errors.

The Contractor shall indicate in the Change Order Proposal any extension of the Contract Time that the Contractor believes is necessary if the change or extra work is ordered or that the Contractor believes it is entitled to for any other reason. If the Contractor claims an extension of the Contract time, the Contractor shall provide in the Change Order Proposal a full explanation of the need for a time extension with supporting documentation, including a schedule impact analysis, in form acceptable to the City and Architect indicating the activities affected and overall impact on the schedule of the proposed change. Requests for substitutions or other changes initiated by Contractor shall be submitted with a Change Order Proposal in accordance with all the provisions of this Contract.

Change Order Proposals shall be furnished promptly so as to occasion no delay in work, and shall be furnished at the Contractor’s expense. By submitting a Change Order Proposal, the Contractor shall be deemed to certify in writing that the Change Order Proposal includes all work affected by the change, that the cost estimate indicated in the Change Proposal includes all direct, supplemental, indirect, consequential, serial and cumulative costs and delays, as applicable, and that those costs and delays would be necessarily incurred if the change or extra work is ordered, despite the Contractor’s commercially reasonable and diligent efforts to mitigate them. The Contractor shall cooperate fully with the City and Architect to provide sufficient substantiation and explanation of costs and schedule impacts to allow the City and the Architect to reasonably evaluate the Change Order Proposal.

4.3. Any adjustment to the Contract sum as a result of a Change Order Proposal, shall be based on one of the following methods, as selected by the Owner:

- (a) By unit prices stated in the Contract Documents or otherwise mutually agreed upon
- (b) By Cost and Percentage estimated by the Contractor as provided in this Contract and accepted by the City, the Contractor’s estimate shall become a fixed price which shall not be changed by any variation in the actual cost of executing the work covered by the change
- (c) By actual Cost determined after the work covered by the change is completed, plus percentage

- (d) By determination by the Architect or the fair value of the work covered by the change

4.4 As used in this following section, "Cost" shall mean the estimated or actual net increase or decrease in cost to the Contractor, Sub-Contractor, or Sub-subcontractor for performing the work covered by the change, including actual payments for materials, equipment rentals, expendable items, wages and associated taxes and benefits to workers, insurance, bonds and other provable direct costs, but not including any administrative, accounting or expediting costs, or other indirect or overhead costs, or any wages or benefits of the Contractor's job superintendent or other supervisory or management personnel, or any amount for profit or fee to the Contractor, Sub-Contractor or Sub-subcontractor.

4.5 "Percentage" shall mean an allowance calculated as a percentage of Cost to be added to or subtracted from the Contract Sum to cover overhead and profit and all other expenses (including but not limited to the salary and benefits of the Contractor's job superintendent and other supervisory and management personnel) which are not included in the cost of the work involved in the change.

4.5.1. Percentage for extra work performed by a Subcontractor shall be 15% of the actual net increase in the cost of the work, whether performed by the Subcontractor's own forces or by Sub-subcontractor's. In no event shall the aggregate of all percentage allowances for overhead and profit for Subcontractor's and Sub-subcontractor's, regardless of tier, exceed 15% of the actual, direct costs for labor, materials and equipment incorporated in the work.

4.5.2. Percentage for the Contractor shall be 15 % of any net increase in cost of work performed by the Contractor's own forces and 5% of any net increase in cost of work performed for the Contractor by Subcontractor's.

4.5.3. In the case of changes that result in a credit to the City for work deleted, Percentage for a Subcontractor shall be 10% of any net decrease in the cost of the work, whether performed by the Subcontractor's own forces or by Sub-subcontractor's; and percentage for the Contractor shall be 10% of any net decrease in cost of work performed by the Contractor's own forces and 5% of any net decrease in cost of work performed for the Contractor by Subcontractors.

4.5.4. Related changes may be aggregated into a single Change Order Proposal when determined appropriate by the Architect, and in such case percentage shall be calculated based on the cumulative net increase or decrease in cost, if any.

4.5.5. For purposes of applying the percentage allowances described in this section, costs of insurance, bond premiums and taxes shall be excluded from the cost of the work.

5. The Contractor will carry out the obligations of this contract in full compliance with all of the requirements imposed by or pursuant to General Laws Chapter 151, Sec. 1, et seq., the (Minimum Wage Law) and any executive orders, rules, regulations, and requirements of the Commonwealth of Massachusetts as they may from time to time be amended. The Contractor will at all times comply with the wage rates as determined by the Commissioner of the Department of Labor and Industries, under the provisions of General Laws Chapter 149, Sections 26 and 27D (Prevailing Wage), as shall be in force and as amended.

6. The Contractor shall continuously maintain adequate protection of all work from damage and shall protect the property of the City and others, including adjacent property, from injury or loss arising in connection with the Contract. The Contractor shall make good any such damage, injury or loss, except as may be directly due to errors in the Contract Documents or caused by agents or employees of the City, or due to causes beyond the Contractor's control and not the Contractor's fault or negligence.
7. The Contractor shall take all necessary precautions for the safety of employees on the work, and shall comply with all applicable provisions of Federal, State and local laws and codes to prevent accidents or injury to persons on, about or adjacent to the premises where the work is being performed. The Contractor will erect and properly maintain at all times, as required by the conditions and progress of the work, all necessary safeguards for the protection of workers and the public, shall post danger signs warning against the hazards created by such features of construction such as pits, protruding nails, hosts, well holes, elevator hatchways, scaffolding, window openings, stairways and falling materials; and shall designate a responsible member of its organization on the work, whose duty shall be the prevention of accidents.
8. The City shall at all times have access to the work wherever it is in preparation or progress and the Contractor shall provide suitable accommodations for such access.
9. The Contractor shall appoint a competent superintendent and foreman and any necessary assistants, all of whom shall be satisfactory to the City. If the City in its sole discretion determines that the construction superintendent, foreman, or assistants are unacceptable to the City, then upon seven days notice from the City, the Contractor shall replace such person or persons with people acceptable to the City.
10. The Contractor shall give efficient supervision to the work, using its best skill and attention. The Contractor shall carefully study and compare the drawings, specifications and other instructions and shall at once report to the City any error, inconsistency or omission which shall be discovered. Included in this responsibility shall be supervision of all work performed by subcontractors on the work.
11. If the Contractor should neglect to prosecute the work properly, or fail to perform the contract or any of its provisions, the City, upon three days written notice, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.
12. Inspection by the City's Project Representative
  - 12.1. The City shall have the right to designate a Project Representative who may make periodic visits to the site to familiarize the City generally with the progress and quality of the work, and to determine in general if the work is proceeding in accordance with the Contract Documents. The Project Representative will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the work, and will not be responsible for the Contractor's failure to carry out the construction work in accordance with the Contract Documents. During such visits and on the basis of these observations while at the site, the Project

Representative will keep the City informed on the progress of the work, will endeavor to guard the City against defects and deficiencies in the work of contractors, and may condemn structural work as failing to conform to the Contract Documents. The Project Representative shall have authority to act on behalf of the City only to the extent expressly delegated by the City, which shall be shown to the Contractor, and shall have authority to stop the work whenever such stoppage may reasonably be necessary to insure the proper execution of the Contract.

12.2. In connection with the work, the Project Representative shall not be responsible for construction methods, means, techniques, sequences or procedures employed by the Contractor or the Contractor's safety programs, requirements, regulations, or precautions.

13. Decisions of the Project Representative

13.1. The Project Representative shall, within a reasonable time, make decisions on all claims of the City or the Contractor and on all other matters relating to the execution and progress of the structural work or the interpretation of the Contract Documents.

13.2. The Project Representative's decision, in matters relating to the project, shall be final, if within the terms of the Contract Documents.

13.3. If, however, the Project Representative fails to render a decision within ten days after the parties have presented their evidence, either party may then avail itself of the remedies provided in this contract or available to it by law. If the Project Representative renders a decision after such remedies have commenced, such decision may be entered as evidence but shall not disturb or interrupt such proceedings except where such decision is acceptable to the parties concerned.

14.1 Use of Premises by the Contractor:

14.1. The Contractor shall confine its apparatus, the storage of materials and the operations of its workmen to limits indicated by law, by-laws, permits or directions of the City and shall not unreasonably encumber the premises with its materials.

14.2. The Contractor shall not load or permit any part of the structure to be loaded with a weight that will endanger its safety.

15. Maintenance of Premises:

The Contractor shall at all times keep the premises free from accumulation of waste materials or rubbish caused by its employees or work, and at the completion of the work it shall remove all its rubbish from and about the work site and all its tools, scaffolding and surplus materials and shall leave its work "broom-clean", or its equivalent, unless more exactly specified. In case of dispute, the City may remove the rubbish and charge the cost to the several contractors, as the City shall determine to be just.

16. Right to Terminate

If the Contractor should (1) be adjudged a bankrupt, (2) make a general assignment for the benefit of creditors, (3) have a receiver appointed on account of its insolvency, (4)

persistently or repeatedly refuse or fail to supply enough personnel and resources to perform the contract, (5) fail to make prompt payment to subcontractors or to providers of materials or labor, (6) persistently disregard laws and regulations or lawful directives of the City, or (7) be guilty of a substantial violation of any provision of the Contract, then the City may, without prejudice to any other right or remedy and after giving the Contractor (or any surety) seven (7) days written notice and opportunity to cure, terminate the contract and the employment of the Contractor and take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method it deems appropriate.

In such cases, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid amount owed to the Contractor for work already completed shall exceed the expense of finishing the work, including compensation for additional architectural, managerial, legal and administrative services, such excess shall be paid to the Contractor. If such expenses shall exceed such unpaid balances, the Contractor shall pay the difference to the City.

The Contractor shall not be relieved of liability to the City by virtue of any termination of this contract, and any claim for damages against the Contractor relating to the Contractor's performance under this contract shall survive any termination hereunder.

Notwithstanding any other provision of this Agreement, the City reserves the right at any time in its absolute discretion to suspend or terminate this Agreement in whole or in part for its convenience upon seven days written notice to the Contractor. The City shall incur no liability by reason of such termination except for the obligation to pay compensation for all work performed by the Contractor and accepted by the City to the termination date.

17. Progress Payments:

- 17.1. The Contractor shall submit to the City an itemized Application for Payment, supported to the extent required by the City by invoices or other vouchers, showing payments for materials and labor, payments to Subcontractors and such other evidence of the Contractor's right to payment.
- 17.2. The Contractor shall, before the first application, submit to the City a schedule of values of the various parts of the work, including quantities aggregating the total sum of the Contract, divided so as to facilitate payments to Subcontractors, made out in such form as the City and the Contractor may agree upon, and, if required, supported by such evidence as to its correctness. This schedule, when approved by the City, shall be used as a basis for payment, unless it is found to be in error. If applying for payments, the Contractor shall submit a statement based upon this schedule.
- 17.3 All progress payments shall be governed by M.G.L. c. 30, §39K for public building construction contracts and by M.G.L. c. 30, §39G for public works construction contracts. The provisions of both statutes are incorporated herein by reference.

17.4 This Contract shall be considered to include in their entirety all terms respecting workers' compensation insurance and other terms required to be included in it by Chapter 152 of the Massachusetts General Laws, as amended, and applicable provisions of any other laws, including, without limitation, Chapter 30, Sections 39F, 39G, 39K, 39L, 39M, 39N, 39O, 39P, and 39R of the Massachusetts General Laws, as amended, and Chapter 149, Sections 34, 34A, and 34B of the Massachusetts General Laws, as amended, and Chapter 82, Section 40 of the Massachusetts General Laws, as amended, as though such terms were set forth in their entirety herein.

18. Withholding of Payments

18.1. The City may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any payment to such extent as may be necessary in its reasonable opinion to protect the City of Beverly from loss on account of:

18.1.1. Defective work not remedied.

18.1.2. Claims filed or reasonable evidence indicating probable filing of claims.

18.1.3. Failure of the Contractor to make payments properly to Subcontractors or for material or labor.

18.1.4. A reasonable doubt that the Contract can be completed for the balance then unpaid.

18.1.5. Damage to another contractor.

18.1.6. Delays resulting in liquidated damages.

18.2. Withholding of payments shall be in strict compliance with statutory requirements.

19. Claims by Contractor and Liability of City

All claims by the Contractor against the City shall, unless otherwise provided by law, be initiated by a written claim submitted to the City no later than seven (7) calendar days after the event or the first appearance of the circumstances causing the claim. The claim shall set forth in detail all known facts and circumstances supporting the claim. The Contractor shall continue its performance under this contract regardless of the submission or existence of any claims.

The limit of liability of the City under this Agreement is limited to the compensation provided herein for work actually performed, and shall in no event include liability for delays or for incidental, special or consequential damages or lost profits or for damages or loss from causes beyond the City's reasonable control.

20. Liquidated Damages:

Because both parties recognize (1) that the time for completion of this Contract is of the essence, (2) that the City will suffer loss if the work is not completed within the contract time specified, plus any extension thereof allowed in accordance with the provisions of

this contract, and (3) the delays, expense and difficulties involved in a legal proceeding to determine the actual loss suffered by the City if the work is not completed in time, it is agreed that the Contractor will pay the City as liquidated damages representing an estimate of delay damages, not as a penalty, the sum of One Thousand Dollars (\$1000.00) per day for each calendar day of delay until the work is completed, whether the work is completed by the Contractor or some other person. The City's right to impose liquidated damages shall in no way prohibit or restrict the City's right to bring a legal action for damages in lieu of or in addition to its option to impose liquidated damages. The City may deduct any liquidated damages from money due the Contractor, and if such payment is insufficient to cover the liquidated damages, then the Contractor shall pay the amount due.

21. The Contractors' Mutual Responsibility:

Should the Contractor cause damage to any separate subcontractor on the work, the Contractor agrees, upon due notice, to settle with such contractor by agreement, or by recourse to remedies provided by law or by the provisions of the contract. If such separate contractor sues the City on account of any damage alleged to have been sustained, the City shall notify the Contractor, who shall defend such proceedings at the City's expense and, if any judgment against the City arises therefrom, the Contractor shall pay or satisfy it and pay all costs incurred by the City.

22. Separate Contracts:

22.1. The City reserves the right to let other Contracts in connection with this work under similar General Conditions. The Contractor shall afford other contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work, and shall properly connect and coordinate its work with theirs.

22.2. If any part of the Contractor's work depends, for proper execution or results, upon the work of any other contractor, the Contractor shall inspect and promptly report to the City any defects in such work that render it unsuitable for such proper execution and results. Failure of the Contractor to so inspect and report shall constitute an acceptance of the other contractor's work as fit and proper for the reception of its work except as to defects which may develop in the other contractor's work after the execution of its work.

22.3. To insure the proper execution of its subsequent work, the Contractor shall measure work already in place and shall at once report to the City any discrepancy between the executed work and the Drawings.

23. Subcontracts:

23.1. All Subcontracts shall be awarded in conformity with the requirements of the General Laws, Commonwealth of Massachusetts, Chapter 149, Sections 44A to 44L, inclusive.

23.2. The Contractor agrees that it is as fully responsible to the City for the acts and omissions of its Subcontractors and of persons either directly or indirectly

employed by them, as it is for the acts and omissions of persons directly employed by it.

23.3. Nothing contained in the Contract Documents shall create any contractual relationship between any Subcontractor and the City.

24. Contractor-Subcontractor Relations:

The Contractor agrees to bind every Subcontractor and every Subcontractor agrees to be bound by the terms of the Agreement, the General Conditions of the Contract, the Supplementary General Conditions, the Drawings and Specifications, as far as applicable to its work, including the provisions of the General Laws, Commonwealth of Massachusetts, Chapter 149, Section 44A, et seq.

25. Indemnification:

25.1. The Contractor shall indemnify, defend and save harmless the City, its boards, commissions, committees, officers, agents, assigns, and employees from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses, recoveries and judgments of every nature and description (including reasonable attorneys' fees) brought or recovered against them that may arise in whole or in part out of or in connection with the work being performed or to be performed, or out of any act or omission by the Contractor, its employees, agents, subcontractors, material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by any party indemnified hereunder, or for any violation of federal, state, or local statute, by-law, or ordinance by the Contractor, its employees, agents, subcontractors, material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable. The Contractor further agrees to reimburse the City for damage to its property caused by Contractor, its employees, agents, subcontractors or material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, including damages caused by his, its or their use of faulty, defective or unsuitable material or equipment, unless the damage is caused by the City's gross negligence or willful misconduct. The existence of insurance shall in no way limit the scope of the Contractor's indemnification under this Contract.

25.2. In any and all claims against the City or any of their agents or employees by any employee of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under Workmen's Compensation Acts, disability benefit acts or other employee benefit acts.

25.3. The intent of the Specifications regarding insurance is to specify minimum coverage and minimum limits of liability acceptable under the Contract. However, it shall be the Contractor's responsibility to purchase and maintain insurance of such character and in such amounts as will adequately protect it and the City from and

against all claims, damages, losses and expenses resulting from exposure to any casualty liability in the performance of the Work.

25.4. Neither the City, nor any of its officers, employees, boards, committees, commissions, agents and representatives, shall be under any personal obligation or incur any personal liability by reason of this Contract, the execution thereof or anything relating thereto which arises out of the breach or violation of any provision of this Contract, or the violation of any Federal, Massachusetts or local statute, by-law, rule, regulation, order or directive, or which relates to personal injury or property damage suffered by the Contractor or its employees, regarding the subject matter of this Contract.

26. The Contractor's Insurance:

26.1. The Contractor shall purchase and maintain such insurance as will protect him from claims set forth below which may arise out of or result from the Contractor's operations under the Contract, whether such operations be of himself or by any subcontractor or by anyone directly or indirectly employed by any of them or by anyone for whose acts any of them may be liable.

26.1.1. Claims under MA Workmen's Compensation/Employer Liability, disability benefit and other similar employee benefit acts.

26.1.2. Claims for damage because of bodily injury, sickness or disease, or death of any person other than his employees, and claims insured by usual personal injury liability coverage.

26.1.3. Claims for damage because of injury to or destruction of tangible property, including loss of use resulting there from.

26.1.4. Claims for damages because of bodily injury, death of a person or property, including, but not limited to, claims arising out of ownership, maintenance or use of a motor vehicle.

26.1.5. Claims involving contractual liability associated with the Contractor's obligations under this contract.

26.1.6. If applicable, any professional claims due to an error or omission.

26.1.7. Claims involving environmental impairment liability due to operations, completed operations or abatement activities.

26.2. The insurance required by the above shall be written for not less than the following minimum limits of liability:

1. Worker's Compensation and Employer's Liability: with limits of \$500,000.00 for Employer Liability or with the MA Statutory Endorsement.

Comprehensive General Liability Insurance (Broad Form)

26.3. The above insurance policies shall also be subject to the following requirements:

26.3.1. Insurance coverage for the Contractor's Comprehensive General Liability, as hereinafter specified under Paragraph entitled "Protective Liability Insurance" shall be written by one and the same insurance company to avoid the expense of duplicate and/or overlapping coverage and to facilitate and expedite the settlement of claims.

26.3.2. Certificates of Insurance acceptable to the City shall be addressed to and filed with the City prior to commencement of the work. Renewal certificates shall be addressed to and filed with the City at least ten (10) days prior to the expiration date of required policies.

26.3.3. No insurance coverage shall be subject to cancellation without at least thirty (30) days prior written notice forwarded by registered or certified mail to the City. The City shall also be notified of the attachment of any restrictive amendments to the policies.

26.3.4. All Certificates of Insurance shall be on the "MIIA" or "ACORD" Certificate of Insurance form, shall contain true transcripts from the policies, authenticated by the proper officer of the Insurer, evidencing in particular those insured, the extent of coverage, the location and operations to which the insurance applies, the expiration date and the above-mentioned notice clauses.

26.3.5. All premium costs shall be the sole responsibility of the Contractor.

26.3.6. All insurance shall be written on an occurrence basis. Coverages shall be maintained without interruption from date of the Contract until date of final payment and termination of any coverage required to be maintained after payment.

27. Protective Liability Insurance:

- 27.1. The Contractor shall purchase and maintain such insurance as described in the preceding paragraph as will protect the City from claims which may arise from operations under the Contract, including operations performed for the named insureds by independent contractors and general inspection thereof by the named insureds.
- 27.2. The Contractor shall also purchase and maintain such insurance as will protect the City against Automobile Non-Ownership Liability in connection with the Contractor's operations under the Contract, whether such operations be by itself or by any Subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable.
- 27.3. The limits of liability for coverage required under the preceding paragraphs shall be as specified under the provisions hereof governing the Contractor's General Liability Policy.
- 27.4. The City shall be named as an additional insured on the above referenced automobile, comprehensive general liability, and excess liability Policies, and the Contractor's insurance shall be the primary coverage. The Contractor shall provide the City with rider(s) or endorsement(s) evidencing such additional insured status. The cost of such insurance, including required endorsements and amendments, shall be the sole responsibility of the Contractor.

28. Liens:

Neither the Final Payment nor any part of the retained percentage shall become due until the Contractor, if required, shall deliver to the City a complete release of all liens arising out of the Contract, or receipts in full in lieu thereof and, if required in either case, an affidavit that as far as it has knowledge or information, the releases and receipts include all the labor and material for which a lien could be filed. The Contractor shall comply with all statutory provisions of the General Laws of the Commonwealth of Massachusetts with regard to liens, Chapter 254 and 149 as amended (as a minimum requirement).

29. Guarantees:

29.1 The Contractor guarantees and warrants to the City that all labor furnished under this Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with this Contract. All Work not conforming to these requirements may be considered defective.

29.2. If at any time any part of the work constructed under the terms of this contract shall in the opinion of the Mayor or his designee require repairing due to defective work or materials furnished by the Contractor, he may notify the Contractor in writing to make the required repairs. If the Contractor shall neglect to start such repairs within ten days of the date of giving it notice thereof and to complete the same to the satisfaction of the Mayor or his designee with reasonable dispatch, then the latter may employ other persons

to make such repairs. The City shall charge the expense thereof to the Contractor and may use any moneys still retained to pay for the same, and if such sum is insufficient, the Contractor shall be obligated to pay the balance thereof.

29.3. All guarantees and warranties required in the various Sections of the Specifications which originate with a Subcontractor or Manufacturer must be delivered to the City before final payment to the Contractor may be made for the amount of that subtrade or for the phase of work to which the guarantee or warranty relates. The failure to deliver a required guarantee or warranty shall be held to constitute a failure of the Subcontractor to fully complete his work in accordance with the Contract Documents. The Contractor's obligation to correct work is in addition to, and not in substitution of, such guarantees or warranties as may be required in the various Sections of the Specifications.

29.4 Any manufacturers' warranties for equipment provided will be assigned to the City.

30. Force Majeure:

A. The Contractor agrees to indemnify or pay on behalf of the City any economic loss arising out of a delay in the commissioning, completion, or permanent abandonment of the contract as a result of the "Force Majeure" perils. These perils include, but are not limited to the following:

1. On-site or off-site strikes;
2. Transportation delays;
3. Changes in government ordinances, statutes or laws;
4. Court orders amending laws; or

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
- Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
- Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and
