***Re: Supplement to Applications for Site Plan Review and Special Permit
50 Dunham Road / Vitality Senior Living, LLC***

Dear Board Members:

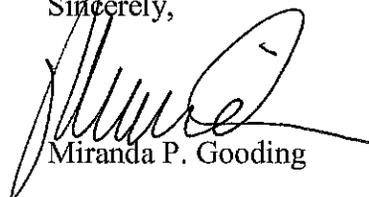

On behalf of Vitality Senior Living, LLC, I enclose for the Board's consideration the following supplemental materials in connection with the December 20 continued hearing on the proposed assisted living residential project at 50 Dunham Road:

1. Vitality Senior Living – Boardwalk Beverly, Schematic Design - North Elevation and Aerial Perspective - Commercial Building Plans prepared by Levi+Wong Design Associates dated December 9, 2016 (2 Sheets)(12 sets 11x17).

We have received the Board's questions regarding traffic flow issues and have invited our traffic consultant Rodney Emery from Jacobs Engineering to attend the December 20 meeting to address those questions.

The project team also has met with the City Engineer to address the comments listed in his letter of November 28, 2016. A response will be submitted under separate cover.

Sincerely,

Miranda P. Gooding
