### **RE: BEVERLY MAYOR MICHAEL CAHILL TO SERVE ON PROJECT ADVISORY COMMITTEE FOR MBTA RAIL VISION PROJECT.**

BEVERLY – Mayor of Beverly Michael Cahill was recently invited to serve as a member of the Project Advisory Committee for the MBTA Rail Vision project. The goal of this committee is to find cost effective ways to increase ridership of the MBTA rail network and to better meet the needs of the Greater Boston region as it relates to transportation and economic growth.

Assembled by MassDot and the MBTA, the Advisory Committee will represent a range of perspectives. Members are expected to attend bi-monthly meetings and provide input and consultation throughout the process and continuing through Fall 2019.

Mayor Michael Cahill said, “For the Greater Boston region to be economically strong and continue to be one of the best places in the world, to live, we need to modernize our commuter rail system.” Mayor Cahill continued, “To meet critical sustainability goals we need to modernize our commuter rail and increase ridership. I am excited to represent the people of Beverly as well as cities and towns across the region in this effort.”

For additional information about the MBTA Rail Vision project please visit:
