

Exercise 1: How do you interact with the water? What do you do?

Exercise 1

Where do you interact with the water in Beverly and what do you do? Interactions could be viewing the water, walking along the water, boating, fishing, or other activities.

Where do you live (L) or work (W)? An approximate location is fine.

If you do not go to the waterfront, why not?

Report Back

Choose a spokesperson (not your facilitator or note-taker).

Where are the top three places the people at your table go? What activities do you do in those places?

Exercise 1: How do you interact with the water? What do you do?

Exercise 2

EXERCISE 2

What are the opportunities - possibilities for change - within this area?

What are the constraints - potential barriers - on change?

What would you like to see happen? What would you like to be able to do in this area?

REPORT BACK

Where are the top three opportunities within Beverly Harbor/the Bass River? What are the top three constraints?

Opportunities
 Boardwalk
 Lunch
 Fish
 Playground on river
 Boat ramp

Constraints
 Parking
 Access at Multiple points
 Development without public access (which is a concern)

Opportunities
 Fixing broken pedestrian connections
 Homes for Beverly families

Constraints
 Parking
 Traffic Flow
 Environmental contamination

Opportunities
 Maintain marine industrial fishing uses
 Recreational, Walking and other public access uses
 Improve access to water

Constraints
 No more housing projects
 Infrastructure
 Traffic Volume and Congestion

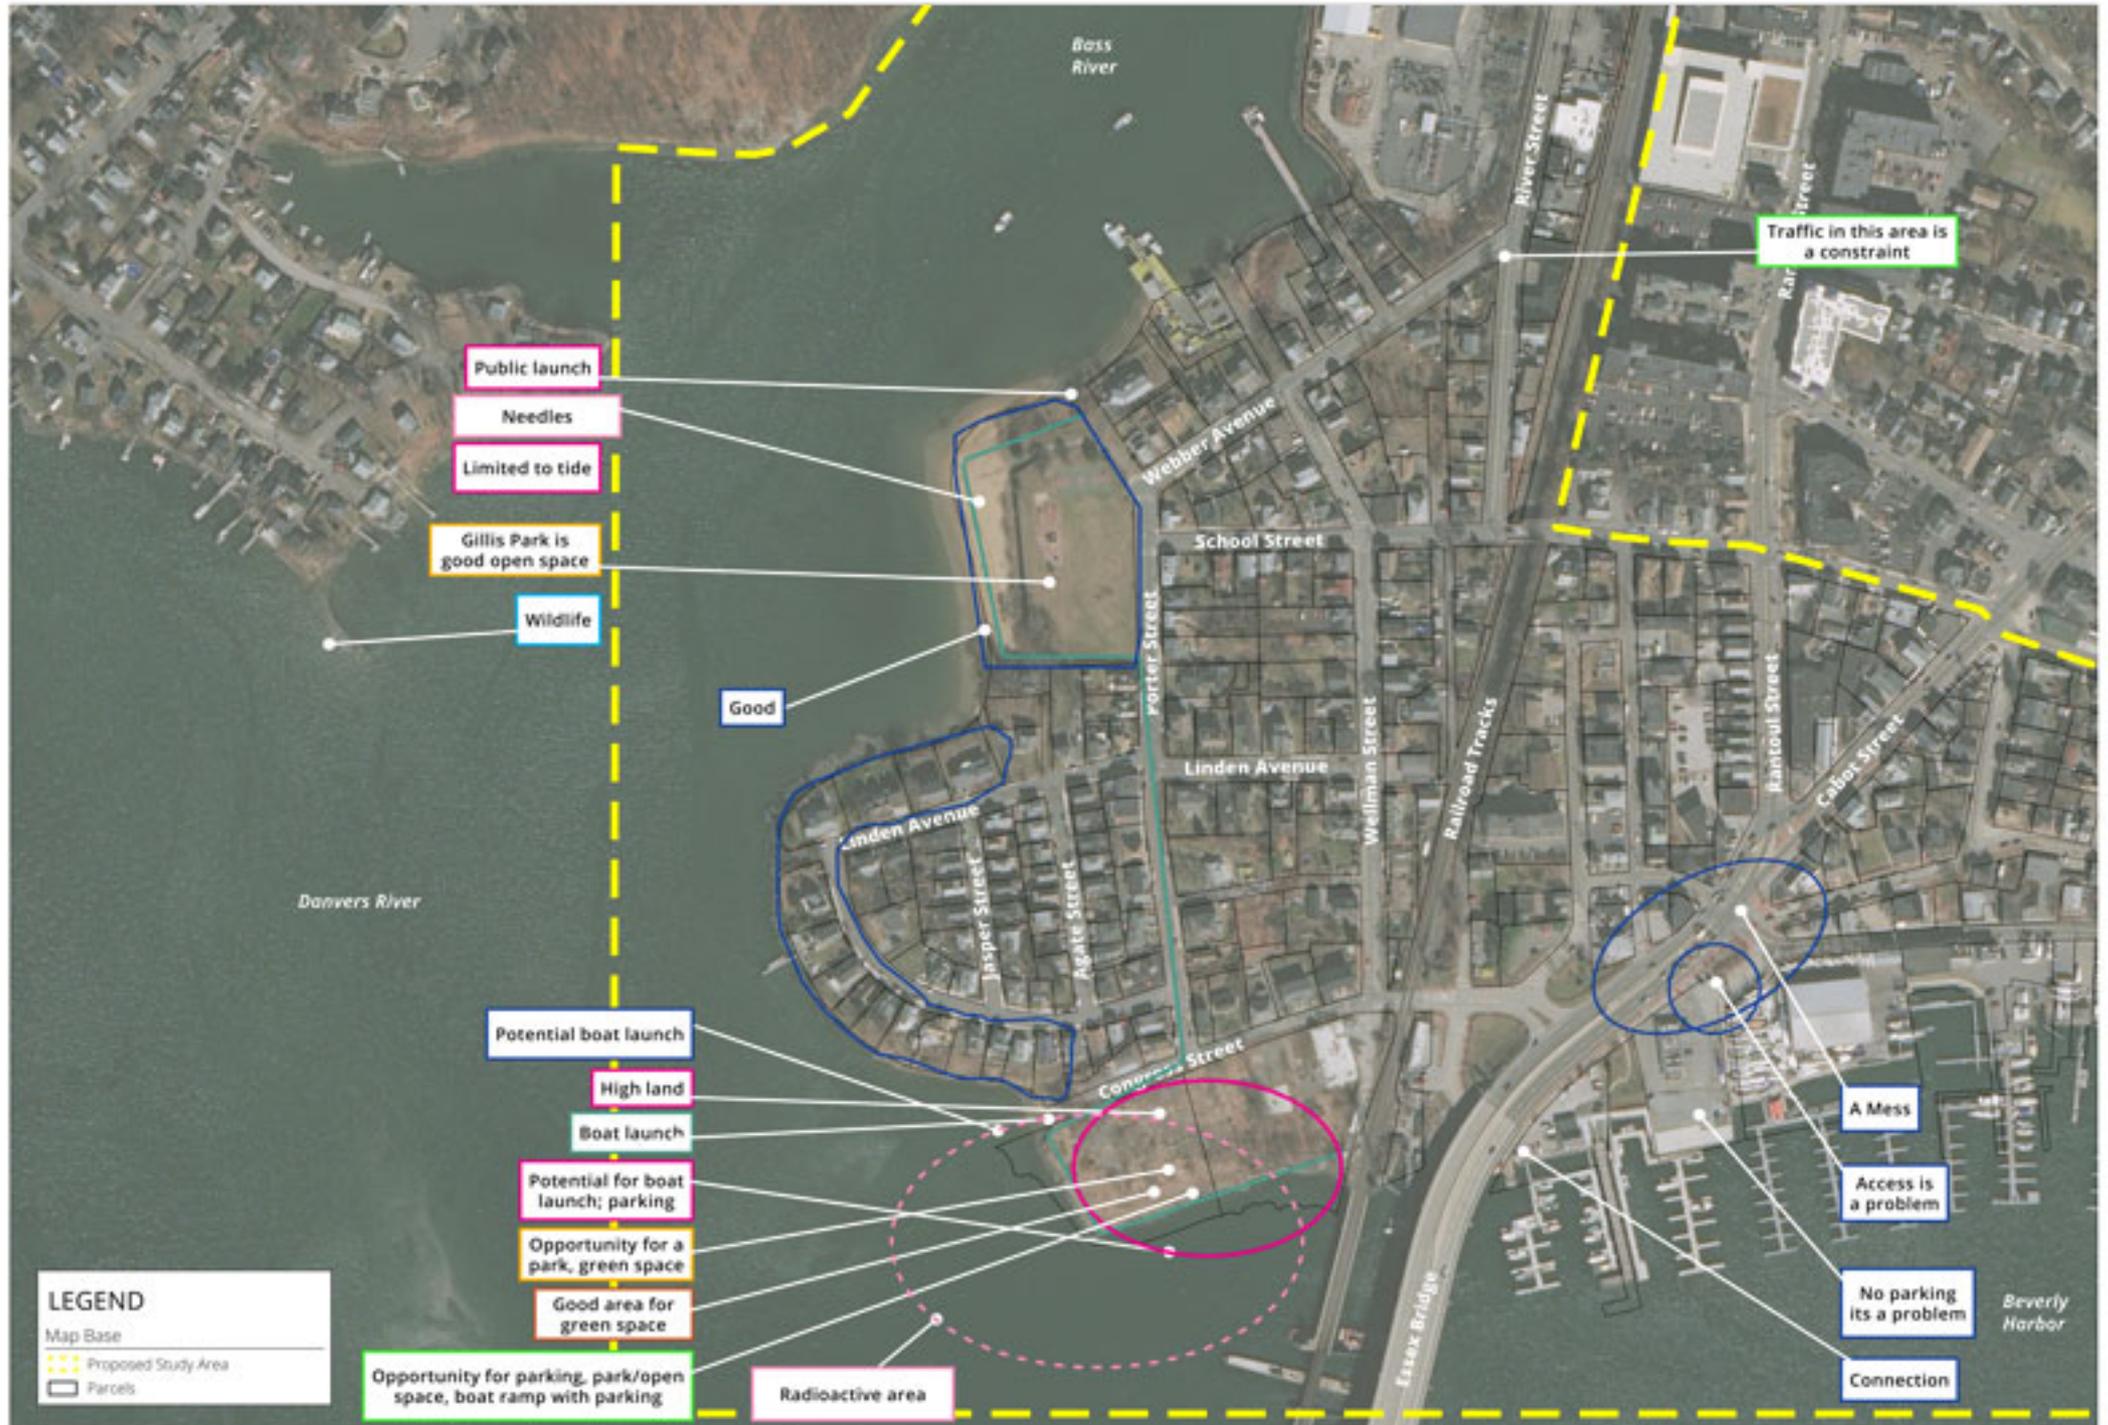

Exercise 2A - Bass River North

Exercise 2B - Bass River South

Exercise 2C - Danvers River

Exercise 2D - Beverly Harbor
