

Bridge Street Over Bass River Bridge Replacement (Temporary) - Beverly Public Information Meeting

What is happening?

MassDOT is hosting an in-person public information meeting to provide the public with the opportunity to become fully acquainted with the proposed Bridge Street Over Bass River (Hall-Whitaker) Bridge Replacement (Temporary) Project. Additionally, an update will be provided for the ongoing efforts underway for the permanent replacement of the Hall-Whitaker and Kernwood Ave Bridges. Following the presentation, meeting attendees will have the opportunity to ask questions.

How will this affect you?

The proposed project consists of the installation of a temporary bridge replacement for the Bridge Street over Bass River (Hall-Whitaker Drawbridge) and the demolition of the existing bridge. All residents, abutters, local business owners, and interested commuters are invited to attend. All views and comments made at the meeting will be reviewed and considered to the maximum extent possible. Interpretation for Albanian, Portuguese, and Spanish will be available upon request.

When

Tuesday, June 27, 2023
6:30 – 8:00 p.m.

Where

Beverly High School Auditorium,
100 Sohier Rd
Beverly, MA 01915
