

City of Beverly

Located on the North Shore of Massachusetts about 20 miles from Boston, Beverly has a unique personality – small-town charm coupled with a city identity.

A strong partnership between business, government, and community coupled with a thriving downtown attracts a wide range of businesses. Beverly is an epicenter for creativity that supports many artists who own their own businesses and studios.

Beverly is also a great place to live, with first class public schools and a diverse community in a picturesque setting. With miles of coastline, public parks, and open spaces, Beverly is aptly called the “Garden City.”

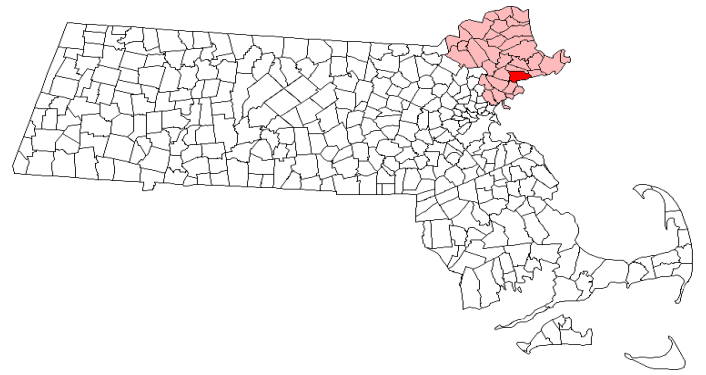

Come be a part of Beverly’s future!

Opportunity Zone Goals

- Create housing opportunities.
- Support small business growth.
- Encourage redevelopment of the waterfront while supporting commercial fishing industry.
- Connect skilled workforce with employers.
- Encourage transit-oriented development downtown, proximate to commuter rail station.

Economy

- Home to Endicott College and Montserrat College of Art and within close proximity to numerous institutions of higher learning.
- Established advanced manufacturing and education/medical clusters.
- Five commuter rail stations, excellent access to Rte 128, and a municipal airport.
- Lahey/Beverly Hospital is the largest employer.
- Housing market that offers broad range of opportunities.

Recent Success

- The completion of the new middle school caps the renovation and/or new construction of every public school in the district.
- Using the Commonwealth’s EDIP program to attract advanced manufacturing companies KROHNE, Inc., HighRes biosolutions, Harmonic Drive, and Freudenberg.
- Completing over \$30 million in major infrastructure improvements.
